To whom it may concern

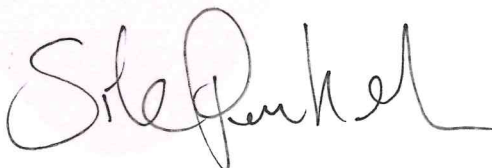

Mary Darlington of Darlington Consulting has worked with the Team here in Garther Lane Arts Centre in the preparation of a Health and Safety Statement for the organisation and the delivery of subsequent team training sessions.

Mary also worked very closely with one specific team member here regarding the overview of Health & Safety for an organisation such as ours.

Mary approaches much of her work with a practical emphasis and staff feedback from the training courses she has given has been positive.

Mary is very thorough and a consummate professional in everything she does and is on hand to offer up to date practical professional advice when needed. Garther Lane Arts Centre is happy to have worked with Mary and to have availed of her services and I have no hesitation in recommending her to future clients.

Sincerely

Executive Director

Sile Penkert
